Veronica Paz-Soldan	09/12
Chad Stein	09/13
Thomas Heaton	09/29

- Steve Little Jr., from the ATF Lab Division has been promoted to Engineering Technician.

company updates

- Effective August 1st, our Health Insurance has been switched from CareFirst to United HealthCare.
- We have a new Commercial Office in Texas.
- The CFP Group website is featuring a new look and feel at <http://www.thecfpgroup.com> reflecting the company's new divisions: The Laboratory and Facilities Management Division and the Commercial Division.
- Let's welcome all our new hires in Trenton.

employee profile

Scott Markward started working for The CFP Group, when The CFP Group was awarded the ATF Fire Research Lab Contract. He has been the Operations Manager at the lab for the last 7 years. Scott is the onsite supervisor for The CFP overseeing the daily operations of the lab and directing the work of the 6 CFP employees on staff.

His life outside of the lab and The CFP entails the direction and management of his Thoroughbred racing stable. His wife and he have two horses racing in Kentucky currently, and a younger two year old which will make his racing debut this winter in Florida.

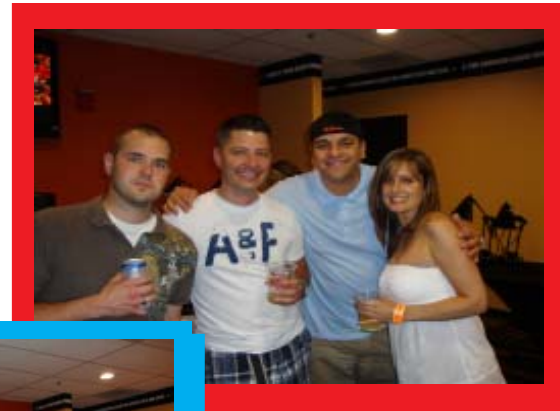

Work at the lab is always a challenge, but the crew we have there has been together for quite some time, and they make it easier for him to do his job. "With CFP this is a good fit."

We are happy to have Scott as part of the CFP Group team!!!

“
He who has never learned to obey
”
cannot be a good commander...
